---

### **Alpine Road West Service Drive Reconstruction Construction Update #2 August 20, 2015**

#### **Week of August 24<sup>th</sup>:**

- Starting Monday morning, the Contractor is scheduled to work on water/storm sewer improvements at the intersection of Juniper Lane and Alpine Road. We anticipate this intersection to be closed to traffic during that time.
- Storm sewer improvements will continue north along Alpine Road from Juniper Lane to Nelson Drive. The main line storm sewer will be installed in the parkway between Alpine Road and the Alpine Road Service Drive. The Contractor will continue to install the storm sewer laterals and curb inlets for the Service Drive as they proceed with the main line storm sewer.
- Water services will be temporarily disconnected as they cross them with storm sewer improvements. The Contractor will be notifying residents prior to temporary loss of service. Affected residents can expect to be without water service for approximately 1-2 hours.

Thank you.
