IL 173 Reopens!!!

The Contractor is in the process of finishing up a few small items today, and the end of the day the barricades will be removed, and IL 173 will fully reopen to traffic. The Contractor will also remove the barricades along Forest Hills Road and Perryville Roads and open the turn lanes to traffic.

The major construction has wrapped up for the year; however the Contractor will be working on various small items over the next few weeks. Those items will be completed under localized and/or moving traffic control operations, meaning that there will be temporary lane closures in the immediate construction area.

This will be the final construction update of 2015 season. We will once again provide updates in the Spring of 2016 when construction resumes. We hope your Holidays are safe and happy, and we look forward to final completion of the IL 173 improvements next year.
