

# Yard of Distinction Award Winners - July 2019

Finally, the sun is out and the flowers are absorbing the sunshine and producing glorious blooms that are being enjoyed by the friends and neighbors. As I was out in the community today taking pictures of the winning yards, it was evident that when a lawn is well maintained, the entire neighborhood looks better. Pride in our residence promotes a positive image for the entire community. The Village is pleased to present award signs to residents whose lawns are designated distinctive which they can keep and display permanently. Congratulations to the July 2019 winners:
